The image contains three main visual elements:

- Left:** A photograph of a man in a suit sitting at a desk, presenting a slide. The slide title is "Development of voice call system at the toilet". The slide text includes: "An acceleration sensor (A8452Q) is installed on the back side of the paperholder to detect a slight pulling out of paper, which is an acceleration sensor at the end of the paper." Below the text is a diagram of the sensor installation.
- Middle:** A photograph of the white paper dispenser hardware. Red arrows point to a speaker, a microcontroller board, and a power cable.
- Right:** A close-up photograph of the interior of the dispenser, showing the accelerometer sensor mounted on the back of the paperholder.
